9:00am	Teams Depart	

A CAPSULE HISTORY ON William "Dummy" Hoy

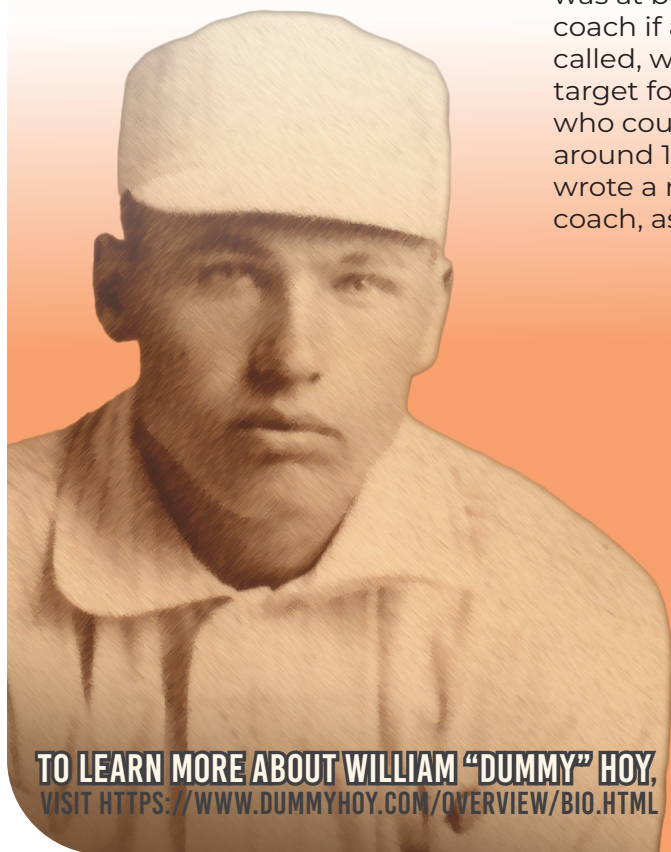

William Ellsworth "Dummy" Hoy (1862-1961) was a **trailblazer** in major league baseball, being the first deaf player to have a long and successful career. Born in 1862 in Houghton, northern Ohio, he graduated from the Ohio School for the Deaf and went on to start his professional career in 1886. Hoy played for several major-league teams from 1888 to 1902, including five seasons with the Cincinnati Red Stockings. He enjoyed an impressive **13-season career** on professional teams and was one of the few players to have played in four of the five major leagues: The National League, the short-lived Players' League, the original American Association, and the American League.

Despite being one of the smallest players in the league at 5'4" or 5'5" and weighing between 145-155 pounds, he was known for his **speed and intelligence** on the field. As a celebrated "flyhawk," he was widely regarded as one of the best centerfielders of his time, with a skill level on par with that of baseball legends like Joe DiMaggio, Willie Mays, and Tris Speaker.

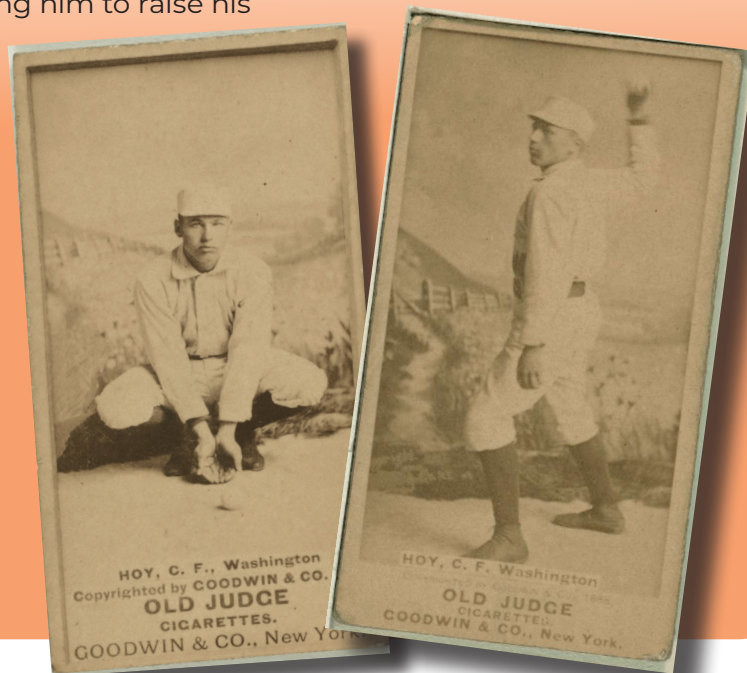

Hoy played a pioneering role in creating the hand signals that are still used in baseball and softball games worldwide. When he started his professional career in Oshkosh, umpires shouted out all their calls. This meant that when he was at bat, Hoy had to ask his coach if a ball or strike had been called, which made him an easy target for opposing pitchers who could quick-pitch him. In around 1887, Hoy reportedly wrote a request to his third-base coach, asking him to raise his

left arm for a ball and his right arm for a strike. Hoy could follow these hand signals after each pitch and be ready for the next one. Umpires and other players found these signals so useful that they became standard practice and are still used today. Hoy also adapted the "out" and "safe" signals from American Sign Language. Thus, he and other early players like Edward Joseph "Dummy" Dundon and Luther Haden "Dummy" Taylor can be credited with creating the intricate system of baseball hand signals, including the umpire's signals, manager's call signals to batters, and outfielders' call signals that are now used at all levels of baseball and softball.

Hoy passed away in Cincinnati in 1961 at the remarkable age of 99 years and 5 months, leaving behind a legacy of **determination and talent** that continues to inspire.

WELCOME TO Maryland School for the Deaf!

Dear Hoy Tournament Participants and Fans,

Welcome to Frederick, Maryland — a city rich in history and culture! Did you know that Francis Scott Key, the author of “The Star-Spangled Banner,” was born in Frederick?

We are thrilled and excited to host the Hoy Tournament after a three-year hiatus, and I would like to take this opportunity to express my appreciation and recognize our committee members for their hard work and time in bringing back the Hoy Tournament for student-athletes, coaches, and fans.

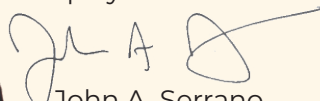

The past several years highlighted the importance of physical activity, sports, and extracurricular activities to a child’s development and educational experience. Beyond simply celebrating achievements, sports provide additional opportunities for students to develop character traits such as grit, perseverance and teamwork, allowing them to take pride in their progress and accomplishments.

Team sports, particularly baseball and softball, teach us about the value of teamwork and sportsmanship. Individuals do not win baseball and softball games, but teams do, and that is the beauty of competing in tournaments like the Hoy Tournament. There may be close games, shutout games, games won and lost. What’s important in the end is that the tournament experience gives the participants the opportunity to create everlasting memories and friendships. Remember to play hard and give your best. As the saying goes from a well-known baseball player, Yogi Berra, “It ain’t over ‘til it’s over.”

To our fans, thank you for supporting our participants. Bask in the excitement and thrill of watching and rooting for our baseball and softball players play. Be sure to grab some hot dogs and sunflower seeds, unfold your camper seats, drink plenty of water under the sun, and enjoy the games!

Again, on behalf of MSD, welcome! I hope you enjoy our Orioles hospitality!

Let’s play ball!

John A. Serrano
Superintendent

2023

Dear Hoy Tournament Participants and Fans,

Welcome to the 20th Hoy Baseball and Softball Tournament! We are excited to have California School for the Deaf-Fremont, California School for the Deaf-Riverside, Indiana School for the Deaf, Model Secondary School for the Deaf, and Texas School for the Deaf join MSD as tournament participants. After a three-year hiatus, we are thrilled to finally resume this tournament and showcase the remarkable talent and sportsmanship of all of our student-athletes.

We extend our sincere gratitude to our generous sponsors, volunteers, and committee members who have made this event possible. We thank the 2023 Hoy Core Committee, the MSD Athletic Booster Club, and the MSD Administration for their unwavering support of our student-athletes and our endeavors.

If you need any assistance or have any questions, please don't hesitate to reach out to one of our dedicated committee members. We are here to ensure that your experience at the tournament is as enjoyable as possible.

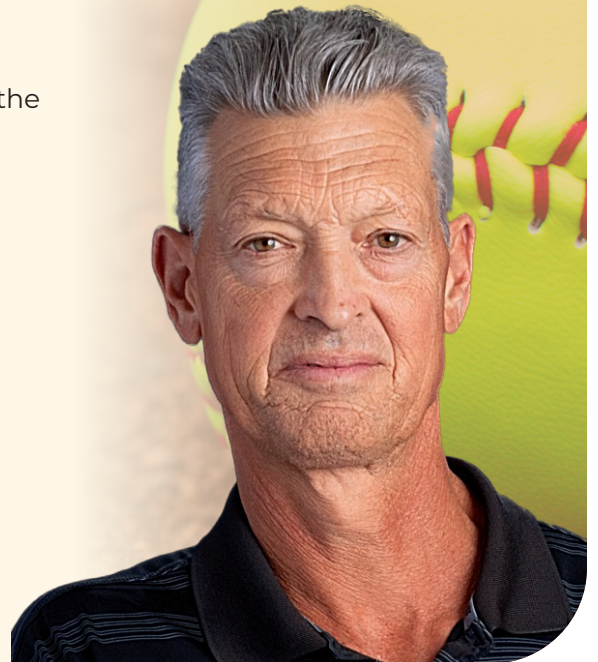

As always, we encourage all participants to play hard, play fair, and forge new friendships both on and off the field. We hope you all have a wonderful experience and create lasting memories.

We are hopeful that every athlete, from every team, comes away with a rewarding experience from both the competition and camaraderie.

Good luck!

© 2023 Sorenson Communications, LLC. If you choose Sorenson as your default provider, you can port your existing 10-digit number to Sorenson from another provider or Sorenson can provide you with one for the geographic area where you live or work. If you later change your default provider, you can port your number to that provider. When selecting Sorenson, you must provide to Sorenson the physical address (i.e., the Registered Location) from which you are placing the call, so that Sorenson can properly route any 911 calls you may make. If you move or change your location, you must notify Sorenson immediately. You can update your Registered Location from your Sorenson videophone by calling 800-659-4810 or by visiting www.sorenson.com/manage-account. Sorenson will confirm receipt of your Registered Location information. Emergency calls made via Internet-based TRS may not function the same as traditional E911 service. For example, you may not be able to dial 911 if there is an internet-service failure or if you lose electrical power, and your 911 call may not be routed correctly if you have not updated your Registered Location. For more information on the process of obtaining 10-digit numbers and the limitations and risks associated with using Sorenson's VRS to place a 911 call, visit Sorenson's website: www.sorenson.com/legal.

VRS Zoom cannot be used for webinars.
